Changes for the use of Temple facilities

Effective January 1, 2012

It is very heart warming to see that the temple facilities are being used more and more by the devotees. The temple management would encourage such use so long as the following guidelines are followed.

1. Temple Priest should be involved in all activities
2. All activities should have religious connotation and should be devotional
3. Make suggested contributions for all the activities taking place at the temple.
4. The facilities are available for only 3 hours except for marriages when it is for 4 hours.

We need your help (financial and otherwise) to the growth and maintenance of our temple.
